OBJECTIVE

Currently seeking an internship in Software Engineering for the summer of 2024. I am very interested in improving the world around me and am looking for opportunities to do good in any way I can. I want the work I do to be as impactful, life-changing, and innovative as possible, and will seek out any opportunity to capitalize on work experience.

EDUCATION

Texas A&M Craig and Brown Engineering Honors College Station, Texas August 2021-present
Major: BS CSCE Computer Science Software Engineering | **Double Minor:** Math & Cybersecurity
GPA: 3.9/4.0 **Projected Graduation:** May 2025

• RELEVANT COURSEWORK

- CSCE 221 (Data Structures and Algorithms, C++), CSCE 222 (Discrete Structure Computing), CSCE 312 (Computer Organization) CSCE 314 (Programming Languages), CSCE 421 (Machine Learning), CSCE 449 (Applied Cryptography), CSCE 411 (Design and Analysis of Algorithms)

PROJECTS

- **TAMUhack:** Competed in TAMUhack 2023. Created an application that uses online resources to identify plants through a single picture. Worked on front-end development of the user interface as well as back-end wiring. The experience was highly collaborative in a fast-paced and competitive environment, encouraging reflection, innovation and group cooperation
- **Personal Project:** Developed a program capable of running two player chess with JAVA, helped upkeep my skills with the language and promoted growth, and innovative thinking within the constraints of computer science and software development.

SKILLS

- **Programs:** Competent with C++, JAVA (4 years), Python, Bash shell, HTML, Linux/Ubuntu (Windows virtual machine), Github, , Proficient in Microsoft office suite (e.g., Word, PowerPoint, Excel) **Operating systems:** Microsoft Windows

ACTIVITIES & LEADERSHIP

- Co-Founder and Treasurer of QuantA&M 2022 -2023
- MSC Conway-Fitzhugh International Leadership Program (Italy) 2022

EXPERIENCE

- YMCA of Greater Williamson County, Round Rock/Cedar Park, TX Lifeguard 8/2019 - 8/2023
